

# PROGRAM

of the Scientific Colloquium to mark the formal retirement of

**Prof. dr hab. Jacek Krelowski**

**Friday, June 17<sup>th</sup>, 2016**

- 9:15 Welcome Addresses:  
**Andrzej Kowalczyk**, Vice-dean of the Faculty of Physics, Astronomy and Informatics, NCU  
**Michał Hanasz**, Director of the Torun Centre for Astronomy, NCU  
**Cecylia Iwaniszewska**, “Personal memories about Jacek”
- 10:00 – 10:30 **Jacek Krelowski**: “Diffuse bands story ...”  
10:30 – 11:00 **Peter Sarre**: “Diffuse interstellar absorption and emission bands”
- 11:00 – 11:30 **Coffee break**
- 11:30 – 12:00 **Darek Lis**: ”Hydrides in Space: From Herschel to ALMA”  
12:00 – 12:30 **Tomek Weselak**: “Diatomic molecules as predictors of precise interstellar column densities”
- 12:30 – 14:00 **lunch buffet**
- 14:00 – 14:30 **Eric Herbst**: “Polyatomic Molecules in Translucent Interstellar Clouds Towards the Galactic Center.”  
14:30 – 15:00 **Roland Gredel**: “C60 as a probe on astrophysical environments”  
15:00 – 15:30 **Robert Kołos**: “Unsaturated chain molecules: A laboratory perspective”
- 15:30 – 16:00 **Coffee break**
- 16:00 – 16:30 **Aleksandr Sergeev & Arkadii Bondar**: “MAESTRO - high resolution spectrometer at Peak Terskol Observatory”  
16:30 – 17:00 **Andrzej Strobel**: “Hunting for hidden matter in the Galaxy”
- 17:00 – 17:30 **Ryszard Szczerba**: “Terrible night ...”  
17:30 -- **Romuald Tylenda**: “Personal memories ...”
- 18:00 **Gathering at a restaurant**
