High-Resolution Submillimeter Spectroscopy of the Interstellar Medium and Star Forming Regions — From Herschel to ALMA and Beyond

***Zakopane, Poland
May 12–16, 2015***

Dear colleagues,

The time of our workshop is fast approaching. Please check the program on our web site:

<http://herschel2alma.ncac.torun.pl>

We have allocated 40 minutes (including discussion) for the invited talks and 25 minutes for the contributed talks.

Travel to Zakopane:

Two buses will depart at 3:00 p.m. from Krakow to Zakopane: one from the Krakow Balice Airport and one from the parking lot opposite the Ibis hotel on Pawia 11 Street. At the airport, the contact person will be Joanna Mikołajewska (tel: +48609784836) and in the City Center Agata Karska (tel: +48785791952).

If you haven't done it already, please let us know who will travel from the airport and who from the City Center. We need to reserve the appropriate buses.

Travel inside Krakow:

To travel from the airport you can use Airport Taxi. They accept credit cards. See:

<http://www.krakowairport.pl/pl/pasazer,c70/transport-i-parking,c76/krakow-airport-taxi-service,a202.html>

You can also plan your trip within Krakow using the public transportation. See:

<http://krakow.jakdojade.pl/?locale=en#tabId=0&>

See you soon in Zakopane,

Ryszard Szczerba , Maryvonne Gerin, & Darek Lis
on behalf of the SOC and LOC
